

# Dual Enrollment Fall 2021

Harper Creek High School Counseling Department

# Introduction

Students are allowed to dual enroll as part of their schedule at Harper Creek High School. We have a partnership with Kellogg Community College (KCC) that helps students challenge themselves and experience college before they graduate.

# Expectations

- The student is ready for a college experience.
  - What this means
    - The student is self-motivated
    - The student is willing to ask for help
    - The student will be able to communicate with their college professor (i.e. missing class for school testing, school field trips, sick)
    - The student will check in with their School Counselor
- Student has their own transportation to KCC/RMTC
- Student is on track for graduation
- Student does not have a history of truancy (more than 10 days of absences)
- Student will attend all state and district assessments during scheduled times

# What class can I take?

- School Counselors look at PSAT/SAT scores
  - The most current are from the October 2019 testing
  - We look at subscores in the Writing, Critical Reading and Mathematics
- Students CAN NOT take classes in
  - Physical education
  - Theology, divinity or religious education
  - Hobby and recreational courses
- KCC courses cannot replace any courses required or offered by the district

# What classes can I take?

- The HCHS schedule takes priority over dual enrolled courses.
- Should a dual-enrolled course conflict with a HCHS schedule, it is the student's responsibility to adjust their dual-enrolled courses.
- This may mean finding a new section, finding a new class altogether or not dual enrolling at all.
- It helps to know what you want to do after high school and possibly where you want to go
  - Completing the [Xello](#) Matchmaker quiz will be helpful

The image shows a screenshot of the Xello website's 'ABOUT ME' section. The Xello logo is at the top left. Below it, the heading 'ABOUT ME' is centered. A list of quizzes is displayed, each with a circular icon, a title, and a status. The 'Matchmaker' quiz is circled in blue. The 'Skills Lab' quiz has a 'Get Started' button.
